Founder
CedrusBio

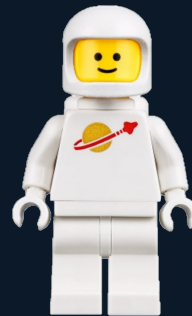

Problem

- End markets committed to emission reductions
- How to achieve?
 - New technology required

Propylene

Acrylonitrile

Solution

~~Petroleum~~
Glycerol

Trillium
Technology

~~Petro-based~~
Green
Acrylonitrile

Lower GHG
footprint

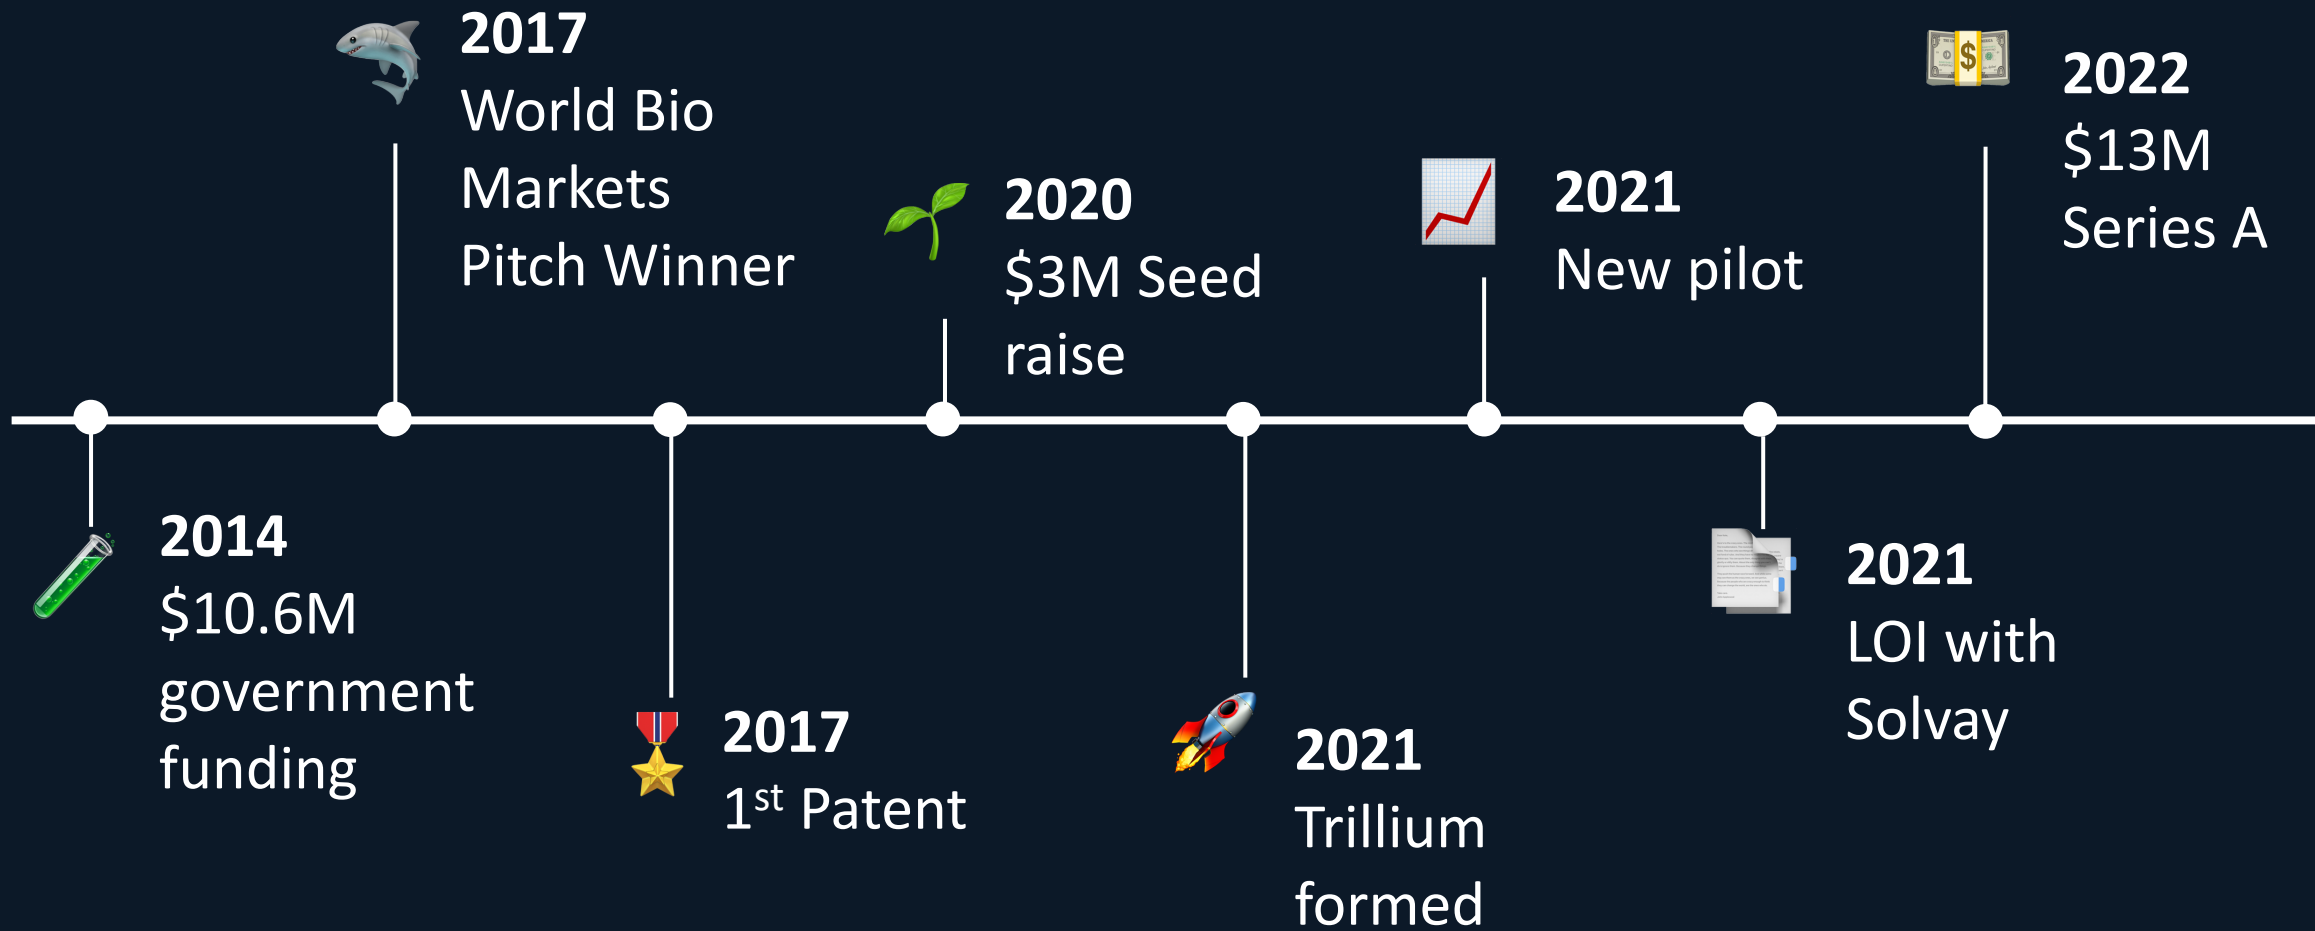

Commodity
Feedstock

Patented,
scalable
technology

Knoxville, TN
Minneapolis, MN

trilliumchemicals.com

Progress

Traction

Strong interest

- \$27M raised to date
- 35 customers in pipeline
- 2 offtakers invested, 1 signed LOI for offtake

Partnerships with Market Leaders

HYOSUNG

HELM

Roadmap

Seed

\$3M

Q1 2021

Series A

\$13M

Q3 2022

Series B

TBD

Q3 2024

Pilot

Charleston, WV

Q2 2023

Demo

TBD

Q4 2024

Commercial

Site TBD

Q1 2027

World Bio Markets

Supply Chain Partners

Glycerin suppliers, offtakers,
finished product makers,
host sites

Investment

Trillium to raise
Series B in late 2023
